

PHOTO INSTRUCTIONS

To do a phone consult it is very important for us to have photo's of **specific views** of your hair loss and donor area before the scheduled consult. Without these photo our ability to evaluate your situation is much more limited.

You can send the photo to us at: Info@Shapiromedical.com

WE NEED THE FOLLOWING SPECIFIC VIEWS TAKEN AND SENT TO US:

1. Frontal view straight on with hair combed back.
2. Top view taken from the front, while you look down, placing your chin to your chest
3. Right lateral view with hair combed back and away from the hairline.
4. Left lateral view with hair combed back and away from the hairline.
5. Posterior view of the crown, take from behind while you look up toward the ceiling
6. Close up Donor with hair combed up

LINK: [HOW TO TAKE GOOD PHOTO FOR HAIR TRANSPLANT CONSULT](#)

We know that it can be difficult to take good photo especially if you are doing it yourself. However the better the photo the more accurate information we can give you. The above link is very helpful and has tips for taking the best photo

BELOW IS AN EXAMPLE OF THE VIEWS WE NEED.
